### Chapter 1 by Ankush Singh

I am sick of my master and I am going to take a day off

### Chapter 2 by Discontinoud

I first pack my bag and then pee on the floor just to get my owner ticked off then leave when my owner leaves the door open.

Man, I've been waiting for this moment for years. It feels good to be outside for once.

The outside world is different then I thought. Much more fun then I thought. There are free food samples in these green round bins, and they're giving out free fresh hot dogs on tables just waiting to be taken.

I ask a big fluffy dog named buddy for directions to the nearest dog park, and he says take a left on sunset avenue Then take a right and it will be across from some place called Mc.donalds. I don't know my left from right but I'm ready to start a new life. I start walking across the street to find my new home.(For the next 17 hours.)

This is going to be fun I found out that there are many dogs like me going there in a van. It made me realize that my life has been to is unimaginable but I know the writer of next chapter would figure out something for me.
